

NISD is passionate about encouraging and offering community service for our students beginning in early elementary. We have found that volunteering not only benefits those we are serving, it helps create a family within our school!

Our elementary students do Random Acts of Kindness (RAK) throughout the school year to serve our community. We have found that these RAKs help our kiddos to look beyond themselves and develop empathy and selflessness which, in turn, contributes to our overall goal of making well-rounded, productive citizens.

Beginning this year, we will be posting volunteer and community service opportunities for our junior high and high school students. We are so excited about this not only because it will benefit their character development, but it is CRUCIAL to college and scholarship applications. Any advantage we can give our students to succeed is a plus! These opportunities will be posted and updated here but will also be posted in the halls at the school. Please encourage your child to participate in as many community service projects as possible and help them to document them. If you know of any projects that we can consider, please let us know!

## Community Service Opportunities

Place	Contact	Description	Date Needed
Young Co Humane Society	Holli: 550-5905	Help needed on weekends	Ongoing
